If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Chicago; Prof. J. B. King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hark, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merit. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of nature, medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

WANTS FIGHT TO FINISH.

John Kirby, Jr., was unanimously elected to the presidency of the National Association of Manufacturers at yesterday's session of the annual meeting, in New York. The election was made the occasion of a demonstration in favor of J. W. Van Cleave, the retiring president, whose policies Mr. Kirby pledged himself to follow.

Mr. Kirby said: "Our organization is pledged to face the labor question. It involves a great principle which cannot be fooled with, compromised with or temporized with if America is to remain America. The life of the American Federation of Labor is hanging by a thread, and there would be no militant organized labor today if it were not for the support of misguided philanthropists and women's societies who are constantly keeping up the agitation. My policy will be that of James W. Van Cleave. I do not believe in compromise with criminals. It is better to bring the whole labor question to a pointed issue instead of temporizing and fooling with it. The only way to deal with this animal is to take it by the horns till it is made obedient. If we had to deal with the 95 per cent. of labor men, who are for justice and fairness, we could settle this whole labor problem in an instant."

The afternoon session closed with the presentation of a diamond ring to Mr. Van Cleave by J. McHenry, of San Francisco, in behalf of the Citizens Industrial Association of San Francisco and the California members of the association, as a token of appreciation of his efforts "to uphold individual liberty in the industrial life of the country."

STEAMERS IN PERIL.

The Allan Line steamer Mongolian, bound from Glasgow and Liverpool for St. John, Newfoundland; Halifax, Nova Scotia, and Philadelphia, with nearly 500 passengers on board, was caught in a dangerous ice jam a mile off St. John's late yesterday, and last night was in a hazardous position. It is feared that if the wind increases before daylight the Mongolian will be driven ashore and become a total wreck.

Should such an accident occur, it is believed that the passengers can escape by walking over the densely packed ice floes.

Just returned from the ice-packed waters of Belle Isle Strait, where she had been abandoned by her crew and later rescued, the coast steamer Prospero also lies wedged in the ice between the Mongolian and the shore. The Prospero was sent out to take off the passengers and mails of the Mongolian, but had just passed the harbor mouth when the ice barrier became impregnable, and farther headway was impossible. There she kept company during the night with the Mongolian, which was equally helpless in the unrelenting grip of the ice.

The Mongolian's efforts to run the blockade are believed to have injured some of the bow plates, but some fishermen who managed to reach her side over the closely packed floes could discern no damage. Last night the combined action of wind and tide strengthened the grip of the floes, and the Mongolian was completely surrounded, unable to advance or recede.

ONE MARRIAGE IN TEN BROKEN.

Twenty years ago an investigation by the Department of Labor showed that 328,716 divorces had been granted in the United States between 1867 and 1886 and that divorces were increasing two and one-half times as fast as population. The recent census of 1887-1906 brings to light 945,625 divorces, and demonstrates that the movement constantly gains in velocity. At present, probably one marriage in ten is broken, and in some states the proportion may be as high as one in four. Forty years ago the broad contrast was between north and south; but the divorce rates of north and south have been converging, whereas those of east and west have diverged. The central states have two and one-half times the rate of the Atlantic states, while for the western states the proportion is three and one-half.

Although the tide of divorce is rising the world over, nowhere is it so high, nowhere is it rising so fast, as in the United States. Our rate is twice that of Switzerland, three times that of France and five times that of Germany.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Peppin preparation and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the liver feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. For sale by W. F. Creighton and Richard Gibson.

MOUNT IDA

15 Minutes From Washington, Immediately on Car Line.

Every one says that it is the most beautiful spot between Washington and Alexandria. With the splendid improvements we are now putting in one will have all city conveniences with the pleasure of the country. We are determined to make this a strictly first class residential section, and while we are selling the lots extremely cheap to the first buyers, we have such restriction in the deeds that it can never be anything but high class property. We are glad to say that the best people of Alexandria and Washington seem to appreciate this, by the way they have bought the lots the first few days we have had them on sale. Over 65 lots sold in four days. Many new houses will be built at once.

Come out and see the beautiful property go up on the high hills, and among the stately oaks when you can look over the beautiful city of Washington and the historic city of Alexandria and the beautiful Potomac flowing below you, and you will be charmed. No such view can be had elsewhere around these parts. Remember until June 1st lots will remain at the low price of \$100 up. Any terms to suit. After June 1st they will be advanced. Ask conductor to put you off at MOUNT IDA. Company's office at station.
